WHY WE LEFT THE LEFT: PERSONAL STORIES BY LEFTISTS/LIBERALS WHO EVOLVED TO EMBRACE LIBERTARIANISM

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.One political question intrigues almost everyone who studies, participates, or is interested in politics: Why do people identify with a certain ideology and/or political party? Numerous scholarly and popular books examine political ideology/party identification and why certain ideologies attract certain individuals. This book examines that question in two separate, yet joined phases. Why do people initially identify with the Left/liberalism and why do these same individuals abandon that ideology to evolve into libertarians? This inquiry is unique in its focus on former liberals/leftists who become libertarians. Included are 23 stories from Americans and one Irishman, baring at least part of their souls to answer these questions. All contributors at one point identified with the Left/liberalism. Each explains what originally drew them to the left part of the political spectrum. Virtually all mention some version of the popular stereotype of liberals/leftists caring for the average person. The true believing leftists/liberals cling to this illusion. Through many different paths, the contributors to this volume come to see the anti-democratic, elitist nature of this belief. An equally common denominator is the lack of respect for, or even acknowledgement of, personal responsibility in ones behavior. A core value of the Left/liberalism is victimhood. Everyone-women, gays and lesbians, people of color, public employee...
