By Kelly J. Perotti

Xlibris Corporation. Paperback. Book Condition: New. Paperback. 79 pages. Am I ready to be a mom (and will I be good at it) How do I make that happen (sex ed was so long ago) When does morning sickness end (and why does it last all day) Why is everyone touching my belly (and how do I make them stop) Are contractions supposed to hurt this bad (or am I being a sissy) Is this kid supposed to eat so often (and will my shirts ever button again) Where is the old me (and do I even want her back) The frank humor and refreshing honesty with which Crib Notes approaches conception, pregnancy, and parenthood will not only provide a welcome distraction from all those questions in your pretty little head, but will offer some explanations along the way as well. Crib Notes is the much-needed alternative to clinical how-to books, and tales of resentful moms, that leave you with questions (and feeling alienated). This real life account of conception, pregnancy, and motherhood, is relayed with candor and humor two things that seem to be lacking in life in general, and especially from parenting books.
