BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 24 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.The Patient Protection and Affordable Care Act (PPACA), as amended by the Health Care and Education Reconciliation Act of 2010 (HCERA), contained provisions to increase access to health insurance coverage through: health insurance market reforms; an expansion of Medicaid eligibility; and the creation of health insurance exchanges to provide small employers and individuals access to coverage. In addition, PPACA contained provisions designed to improve the quality of health care, reduce expenditures, and provide incentives for preventive and primary care. To help implement PPACA, federal departments and agencies awarded contracts, including contracts for consulting services. Contractors and consultants perform a variety of tasks, including research, market reviews, actuarial support, logistics and technical support, data management, and information technology support. As required by the Department of Defense and Full-Year Continuing Appropriations Act, 2011, this report provides information on contracts awarded by the Department of Health and Human Services (HHS) and other federal departments and agencies related to authority provided by PPACA, including information on firms retained to facilitate contracting and consultants retained by HHS and other federal departments and agencies to assist in PPACA implementation. This item ships from La Vergne,TN. Paperback.
