Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Investing in yourself is the best investment you ve got to do. This begins with a good education. And, Managing Your Academic Excellence teaches you the application of the various functions and skills of management to ensure the successful running of your academic/educational career - to be in charge of your academics and achieve excellence; and hence, become a great problem solver. See this book as a quality instrument, a manual, a handbook, and in fact, a companion for every student or scholar who desires to excel in his or her academic career and otherwise. This book will enable you to understand who you are as a student and the right qualities you need to possess; the values of education in your future career jobs/endeavors; and the ways of discovering and exploiting your hidden talents and potentials. It gives you the comparisons between theoretical and practical aspects of learning and points out the threats to your academic excellence. It explains the steps you actually need in building your effective study skills and the best methods you should always employ when answering examination/test questions. The book also encourages you to keep the past failures behind you and move on to make your today better and your future even brighter. You could become that excellent student you had always wanted to be. This book is a step to achieving that; it will certainly guide you on how to be yourself and stand successful.
