Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Are you that coder that still need a pen and paper? Well, for a minute imagine that you are. Coding is an intense thought process that has to be intentional and well planned. When designing anything you need to have a well conceptualized idea that you will turn to a flowless program. Unfortunately, it s not always that easy, and this is where you need a journal. Journals give you a visualization board, a place where you outline your concept, processes and individual steps to your ultimate grand idea. This saves you from making lots of errors and have a clearer idea of your end goal. As a programmer you can write down: - Problems encounteredNew successesSolutions explored Issues to revisit laterLong-term and short-term ambitionsNew learned lessons Journaling is a foreign idea to most people not just programmers. But it has proven to have a great impact in the life of the people who choose to give it a try. Take this step and incorporate journaling in your coding life for change. you will love it. Grab your copy of this Journal today.
