John Hunt Publishing, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book. The Templar Papers II is the followup to the successful The Templar Papers . The second compilation represents the best articles from issues 7-12 of The Temple . To further the quester s or student s knowledge of the grand order of the Knights Templar; The Templar Papers II deals not only with the two hundred years of the orders existence but also studies relating to the Templars both before and after 1118 -1307. In error many authors see the Templars as an isolated order; however in this compilation the editor has compiled substantial material to give the reader a broader understanding of the Templars, related subjects and the formation of society as one knows it today. Renowned authors like Evelyn Lord, Sylvia Beamon, Philip Gardiner, Oddvar Olsen and Paul Broadhurst are represented as well as a selection of aspiring authors like Stephen Andrews, Yuri Leitch, and Terence Dick are also featured. Topics discussed in this compilation includes King Arthur, early Christianity, the St Clairs, sacred geometry, ancient British history, star lore and of course the Knights Templar.
